Installation of end wall roof trim on the William Luther Pierce Memorial Library book warehouse on 28 December, alongside the delivery of 10-foot x 20-foot insulated storage building for securing tools and construction material.

WLP Memorial Library Warehouse Progress

We were treated with favorable weather and sufficient volunteer help to essentially finish the William Luther Pierce Memorial Library's book warehouse roof on 18 December. It is unconventional construction, being a Quonset hut, and required the rental of a 34-foot lift truck to erect, but our crew mastered it all, and will now work through the winter constructing end walls and building out the interior, under cover. Recall that we milled our own lumber from our own trees back in March. That lumber is now cured and will supply most of our framing needs for this two-story, 3,500 square foot building. Updates on the progress will be provided in future **BULLETIN**s. The attached photo is taken from the proposed library site, located a few feet away and above.

Cosmotheist Books

Our Alliance's online bookstore has been adding approximately ten new book titles per month for over two years now for sale to our customers, besides those titles we publish ourselves. Cos-

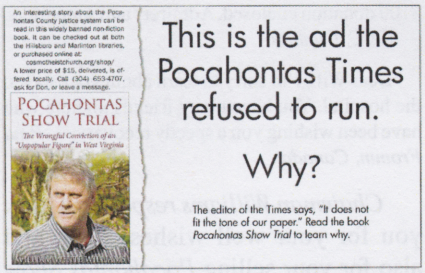
motheistChurch.org/shop currently offers 275 books and CDs, including the five new books we're adding this month. We feel we have enough selections now, and have essentially run out of space to add new hard inventory, so until our new book facility is completed we'll suspend adding new titles each month for a while. We do have plans now to add the new *Power of Truth, Volume 12* CD in the next month or so, that will bring to 240 the number of talks by Dr. William Pierce in the series.

Two new biographies added this month are *Bust Hell Wide Open: The Life of Nathan Bedford Forrest* by Samuel W. Mitcham Jr., an engaging, quite readable, illustrated history of Forrest. It is sympathetic to him and to the Southern cause in the War Between the States; Anti-southerners generally do not like this book and can't get over the fact that Forrest, arguably the greatest, most courageous, ingenious cavalry general ever, was named leader of the KKK during the Reconstruction period after the war. He joined the Confederacy as a private and finished his service as a Lieutenant General. No Christian himself, the former slave dealer said "Christianity is a fine religion — for women." Another Samuel Mitcham biography is this 2019 illustrated hardback: *Desert Fox: The Storied Military Career of Erwin Rommel*. It paints an alluring, if tragic picture of the brilliant WW2 German commander, and covers his death by suicide after he attempted a failed coup against Hitler. *Hitler's Propaganda Pilgrimage: Rare Photographs from Wartime Archives* by leading military historian Bob Carruthers; the 2015 edition, includes scores of previously unpublished images of Hitler from 1914 to 1940, along with interesting accompanying narratives. This important photographic study documents a vital but often overlooked chapter in the story of Adolf Hitler. The 2017 illustrated edition of *Courage in Combat* by Richard Rinaldo, foreword by Joseph Galloway, tells stories of courageous Medal of Honor winners from the War Between the States forward. Rinaldo himself earned the Distinguished Service Cross as a Marine rifle company commander in Vietnam, so knows the subject of military valor and tells it well. Also added is the 2014 illustrated hardback of *The Vikings and Their Enemies: Warfare in Northern Europe, 750-1100* by Philip Line, expert on land and sea warfare and on early medieval history in Scandinavia. He has written a very readable, scholarly account of these fascinating European ancestors.

Creative Activism

Chairman Williams posted the following comment on *National Vanguard* under the text of Media Director Strom's 21 December Yuletide broadcast. The caretaker of our West Virginia campus, member Donald MacMullen, commented there, and Williams' response can be viewed below, here: https://nationalvanguard.org/2021/12/solstice-2019-who-we-really-are-2/

Thanks, Donald. With all the difficulties we've had getting my blacklisted book *Pocahontas Show Trial* distributed in Pocahontas County, West Virginia, including the county's newspaper of record, *The Pocahontas Times*' refusal to print a paid ad for the book — what a novel idea it was to wrap or box copies of the book in Christmas paper, with pretty ribbons and 'Merry Christmas' cards, and place them around the county under various Christmas trees with the flier we that we had made



An interesting story about the Pocahontas County justice system can be read in this widely banned non-fiction book. It can be checked out at both the Hillsboro and Marlinton libraries, or purchased online at: cosmotheistchurch.org/shop/ A lower price of $15, delivered, is offered locally. Who knows which curious citizens eventually opened those guerrilla gift packages, and what they did with their controversial blacklisted books? Some surely were read, gossiped about, and passed around.

Correspondence

Greetings, NA! Enclosed please find a money order for $200 for five copies of *The Turner Diaries* audio CDs and five copies of *The Turner Diaries* third edition paperback. Thanks! — *M.M., Georgia*

Sirs, $180 is being sent by me for 100 NA business cards, 20 *What is the National Alliance?* booklets [and the five books listed, including postage and handling]. — *S.H., Florida (order via Cosmotheist Books)*

Chairman Williams responds: We receive a steady flow of book orders now through our online bookstore, cosmotheistchurch.org. All orders when shipped by us include a National Alliance business card. Some orders, however, catch our attention as being from a likely activist, so receive additional attention. The two above are from Alliance members — however, earlier this month for example, D.W., a non-member in Illinois, ordered five copies of *The Saga of White Will* comic book. Since D.W.'s email address was provided with the order, I wrote to her, thanking her for the order and simply asked if the comics were to be Christmas gifts. She wrote back, answering my question and more. We corresponded some more briefly, where I tipped her to our natall.com/bitchute video channel (with 755 subscribers currently). It turns out she has her own Bitchute channel with 2,137 subscribers and will now link to some of our videos: https://www.bitchute.com/video/LVGXgcy8Sc6m/

I put this comment under that "Day of the Rope" video: "Try natall.com/bitchute if you want more teachings from Dr. William Pierce — 220 of his talks there currently." D.W. also told me she had attended the Nationalist Solutions gathering near Nashville 18 months ago and saw that the Alliance had a nice table set up there, featuring our books and other material. She requested that I sign the comics she'd ordered, which I did, and included copies of our last **BULLETIN** and a *What is the National Alliance?* booklet.

We have a recruiting advantage here at the National Office, with leads like D.W.'s order coming in. Our members can be creative recruiters, seeking out other potential members in their own ways. Just today as I write these words, member Richard G. shared the following in a new comment he titled "A Christmas Surprise Gift!" in the whitebiocentrism.com forum section we call Activism and Alliance Building:

I've worked very hard for a few months now to find loose network private social media groups who all use certain code/slang to post anti-Jewish content while escaping the bots and censors. It's really all about talking the same talk and being seen in one group to get into another. I had a huge payoff yesterday when someone posted that he wanted to move past memes and actually understand the depths and realities of the JQ... Using some dramatic flair with my replies I managed to get several more interested and in contact with me, nearly 10 in all. So now I'll

be giving them mostly links to NA materials over on *National Vanguard*, then inviting them to this forum after they seem to show an interest. So here's hoping that I can make some real headway and bring a least a couple of them into the Alliance! — *Richard G. (via WhiteBiocentrism.com)*

Bravo, Richard! Good job! If folks on social media want to understand the depths and realities of the Jewish Question, we'll be happy to enlighten them.

Dear Cosmotheist Church: Enclosed is payment for *Cosmotheism: Religion of the Future*, the book I am excited to read. After discovering your Web site one year ago I have begun to grow as a White man in many ways. Thank all of you at the Cosmotheist Church, the National Alliance, and *National Vanguard* for fighting for our race. I am excited to read more of Dr. Pierce's writings as I've mostly been able to listen to broadcasts of his [ADV] shows [on Bitchute] so far. After listening to *National Vanguard* broadcasts every day I can't express enough how much appreciation I feel for the Alliance for what it has done for our race. I have lived in California all my life so have been pumped full of Jewish, Marxist, and homosexual propaganda. I have always instinctively fought against it, but now, after discovering the National Alliance, I finally feel I have somebody to relate to and fight for. Thank you, — *D.R., California*

Dear Chairman Williams, Sir, there is no other organization that supports my beliefs like the National Alliance does. I would be a hypocrite not to financially support it. Just posted a $200 M.O. by Priority Mail yesterday to catch up on my dues. I am reorganizing my finances at the moment and will try to send significant monthly contributions coincidental with my monthly Social Security payment. As a non-member anonymous supporter, if you would prefer cash, I can plan for that. I am very anxious to take a look at the new, long overdue *Cosmotheism: Religion of the Future* that I've ordered, then *Pocahontas Show Trial* (ordering that one next). I Hope you are restored to full health soon. Sincere gratitude for all you have done and will do for our people. — *S.Q., Illinois*

Dear NA, I just finished reading P*ocahontas Show Trial*. The injustices in the book are truly outrageous! We wish Will Williams a speedy recovery from his health issues and hospitalization. $100 donation enclosed. Admirers and supporters, — *C&C, Canada*

Dear Will, I'm sorry to learn about your stay in the hospital. You have many friends up here who have been wishing you a speedy recovery. — *Paul Fromm, Canada*

Chairman Williams responds: Thank you for your well wishes, Paul, and also for your selling *Pocahontas Show Trial* and other titles we publish in your CAFE newsletter. You are well known in the US as the foremost White racial loyalist and advocate for free speech in Canada for more than 40 years. Those who wish to write to Paul, thank him for his years of work, and subscribe to his excellent newsletter, can write to him, here: P.O. Box 332, Station "B"; Etobicoke, Ontario M9W 5L3 Canada.

Hello, Chairman Will. I am certainly relieved to see you back online and posting to the white-biocentrism.com forum, and hope this means you have mostly recovered from your alarmingly dangerous and unpleasant medical ordeal. I would like to offer a few observations about your excellent book, *Pocahontas Show Trial*. First, it is very well-written — the way you told your nightmare in a way that makes it almost impossible to put down. The extensive Appendices provides documentation and ironclad proof of your ordeal with the courts and "justice" gone haywire. The system itself turned out to be a more vicious foe than the liars, thieves, and traitors you had fallen victim to. Could it have been simple incompetence that no transportation or decent human concern was offered when you were released from the Tygart Valley Regional Jail on a cold, rainy mid-December day, without a hat or coat, then made to hitchhike 80 miles back to your truck where law enforcement had arrested you the previous day? Could someone be that stupid or did the local establishment secretly hope that, at 67, you would catch a fatal case of pneumonia? Your perseverance is a sterling example for Alliance members and all others who seek advancement of the White race. Our Alliance continues to grow, and the worst our enemies could throw at you amounted to no more than an insignificant speed bump on the

Upward Path. Thank you for the sacrifices you have made for White advancement and for your superb leadership. May you continue to lead for many years to come. Sincerely yours, — *R.O., North Carolina*

Chairman Williams responds: R.O., you have reviewed *Show Trial* quite favorably, especially your 5-star review of it on amazon.com. Thank you for that. We could use some other nice reviews there by our members and supporters. I had never once had pneumonia until I went through this nasty Chinese virus. Now I'm more likely to catch it again. Yes, you'd think Pocahontas law enforcement officials would have considered liability issues before hauling an elderly citizen off to a distant prison facility in the middle of nowhere (without a hearing) and making him hitchhike back home in those conditions, under a threat to put him back into a cell if I didn't walk out the door into the pouring rain within five minutes, and after taking all of my cash. I'd made the reasonable request that my jailers call the Pocahontas Sheriff to see when another prisoner would be hauled to their regional facility so that I could be taken back to Pocahontas County by a deputy on his return trip. There certainly would have been some serious liability issues had I come down with pneumonia that day. When I finally had a hearing for that arrest and incarceration, the outrageous request for protection from me by my accuser was dismissed.

Show Trial had to be written to expose all of the corruption and injustice in my case. The justice system in West Virginia is set up so that no misdemeanor conviction will never be appealed to the state's Supreme Court of Appeals — which I managed to do — much less have a book published and distributed that exposes their corruption. I have a goal to get *Show Trial* placed in West Virginia law schools to help educate young idealistic law students about exactly what they are getting into once they begin "practicing" their craft.

Dear Will, I was stunned to read the letter you sent to members and supporters, dated 18 October, especially the part about your going on the ventilator. As much as I distrust doctors, sometimes they do save people instead of killing them — sometimes we have to put our lives in their hands, though I dread that day if it comes. I must say that I'm skeptical about the existence of a distinct covid virus — the field of virology is rife with guesswork and corruption, just look at Fauci. We do not have all the answers, so that's neither here nor there. You obviously had a severe respiratory condition, and you definitely made the right decision by skipping that dangerous shot. I'm glad to learn that you are on the road to recovering your health and back at the helm at the Alliance. Best, — *J.M., New York*

Chairman Williams, Glad to learn you are back home and recovering. The enclosed checks ($1,000) are to cover my returned checks from August and September and for my regular donations for October, November, and December. The remainder is my year-end gift to the Alliance to be used as you deem necessary. Things have been quite active here in southern Wisconsin. We just finished with the [Kyle] Rittenhouse ordeal, and must now deal with the Waukesha massacre. Hoping you and your family have a nice Yuletide season. — *G.B., Wisconsin*

Chairman Williams responds: Thank you so much for your continued generous support of our work, G.B. We have nearly all followed the racial news in your region the last month or so. But for those who haven't, read about it here: https://nationalvanguard.org/2021/11/waukesha-just-around-the-corner-from-kenosha/ and here: https://nationalvanguard.org/2021/11/the-kenosha-kid/. To explain to our readers about the returned checks you mention, in September, when

We are all lucky: Will and Lana Williams.

I fell ill and Lana was in Russia for most of the month, four of our banking business accounts were unexpectedly closed — two of which we'd had in West Virginia since 1985! It couldn't have happened at a worse time, but we persevered and now have accounts at more convenient local banks. Several members, when notified, simply rewrote replacement checks, while others were voided by members' banks and eventually replaced. We had to pay a couple of small penalties to our new bank for checks written to us in September that didn't clear when deposited more than 90 days later in December. We are through that crisis now, thanks in large part to the very complicated, difficult work by our Business Manager Lana Williams. How did I/we get so lucky?

Commentary by Chairman William White Williams

Letters to Editors of Local Newspapers

With so many folks communicating their thoughts on social media these days, and print media waning, subscriptions to local newspapers are way down, as are the once-popular letters to the editors (LTEs) of those papers. However, they are still a good way to reach neighbors who continue to subscribe to them. I just submitted one to our local paper here in Upper East Tennessee where our National Office is headquartered. I did not mention our Alliance in this LTE, but since I've lived here for more than 30 years, a good number of this relatively sparsely-populated county's residents know who I am and are aware of my opinions, especially on matters of race. I missed the Monday deadline for submission of an LTE in this week's paper, but, if accepted, it will appear in the 5 January issue. I encourage others to write LTEs too. You never know what good can come from one, if it resonates with others. I could not include images with this LTE but will include a couple relevant ones here in our **BULLETIN** that "say a thousand words."

Dear Editor: A 30-year-plus resident of Johnson County, I've come to love our community and its salt-of-the-earth mountain people, and enjoy keeping up with things by reading my *Tomahawk*. It's edifying for me to see group photos in our paper of all four JCHS basketball teams — boys, girls, varsity and JV — and see that every face in the photos is a White face. Makes me feel I'm living among my own kin.

One piece of junk mail received along with *The Tomahawk* is a full-color, 8-page brochure addressed to "Our Neighbor." It's from the Mountain City Church of Christ. It didn't strike me as being so odd at first, since our county has around 70 churches, all competing for our souls and pledges. What did strike me as curious about this brochure, however, was the photo of a Black man on the front, along with photos of other non-Whites pictured throughout.

What neighbors are MCCoC appealing to with this slick circular? The answer is perhaps found on the inside back cover — a photo montage of 20 or so faces, all but one being non-White. That image accompanies a scripture-filled piece that asks "What is Racism?" It tells us that "racism is caused by pride," and concludes: "Racism isn't about skin, it's about sin."

Am I the only Johnsonian who finds this racial contrast unusually odd in our nearly all-White county? Does MCCoC preach Critical Race Theory and other guilt trips on White Americans from its pulpit? Thank goodness there aren't monuments here to Confederate generals for anti-White groups to topple. Hopefully, General Butler never owned a slave or his beloved mansion might not be safe from Black Lives Matter and Antifa arsonists. — *Will Williams, Laurel Bloomery*

Refuting Jewish Lies, Because We Can!

A response to Jew-owned media that I wrote in December — answering a vicious series of articles attacking our organization aired by a regional NBC-TV affiliate in West Virginia — is featured in full at: https://nationalvanguard.org/2021/12/more-media-lies-about-the-national-alliance/

Those who are Internet capable, please read this necessarily long, point-by-point refutation of controlled media lies about us, and spread the above link to others. The more of our people that we can point to *National Vanguard* content, the better.

2021 was a tough year for many of us for one reason or another, and for White America generally, but was

RACISM
AND ITS CAUSES

Racism is neither a local nor a recent problem. It has been around for a long time. The Bible has principles that guide how people of different races should treat each other.

Racism uses crude descriptions of people. Racial slurs are offensive and demeaning. The Bible says, "Let no corrupt word proceed out of your mouth, but what is good for necessary edification, that it may impart grace to the hearers" (Ephesians 4:29; cf. Luke 4:22; Colossians 3:8–9; 4:6; James 3:2–8; 2 Peter 2:18).

Racism attempts to elevate self by putting down others. Some attempt to rise by stepping on others. In the church, all are equal as brothers and sisters in Christ (Philippians 2:3–4).

Racism is arrogant and foolhardy because every man is made in God's image (Genesis 1:26–27). Anthropologists believe that no race is essentially superior or inferior. Of course, there are advanced races and backward races, but this is accounted for by a difference in opportunity rather than an inherent ability. The claim that any group is a master race would be laughable if it were not so tragic.

Yet such racism has brought terrible suffering into a world. For instance, three German soldiers were executed by Russian soldiers. One, who was twenty-four years old, confessed to murdering women and children. For his brutal conduct he gave this explanation: "When Hitler came to power, I was thirteen. I was taught we were the master race, that all others were inferior. I was taught that these, being inferior, had no rights. Therefore I killed and destroyed without compunction."

What causes racism?

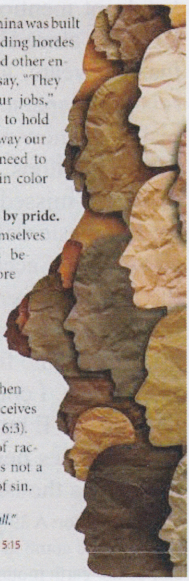
Racism may come from parental influence. Some say, "That is the way I was raised, and I cannot help it." This is no acceptable excuse because Christianity reprograms our thinking; it "renews the mind" (Romans 12:2; 1 Corinthians 2:16; Colossians 3:16). People can change.

Racism may come from fear (Proverbs 29:25). Why do we build walls? For protection and defense against hostile forces. The Great Wall of China was built to keep out the invading hordes of Genghis Khan and other enemies. Today some say, "They are taking all of our jobs," or "They are trying to hold us down and take away our rights." All people need to look beyond the skin color to see the man.

Racism is caused by pride. Some consider themselves better than others because of nothing more than a genetic combination of chromosomes. Paul wrote, "If anyone thinks himself to be something, when he is nothing, he deceives himself" (Galatians 6:3).

The true cause of racism is sin. Racism is not a matter of skin, but of sin.

"He died for all."
2 CORINTHIANS 5:15



relatively successful for our Alliance as more Whites are coming our way, realizing that as the situation for our people worsens day by day, the only real solution to their dilemma is what we offer: geographical racial separation of our race from others, and from their alien influences — and the program and vital spiritual basis for separating that only our National Alliance offers.

The National Office of the National Alliance wishes all members and supporters who receive our **BULLETIN** a prosperous and enjoyable 2022! Each of you should set a goal to recruit at least one new member during the coming year — by doing so, we will double our membership! **W. W. W.**
